(2) A transfer between controlled state funds or accounts within a controlled state fund.

(3) The costs of capital construction and repair.

(4) The costs of judgments and settlements.

Sec. 5. As used in this chapter, "state spending cap" refers to the maximum expenditures under section 8 of this chapter.

Sec. 6. (a) As used in this chapter, "total state revenue" means the total amount of revenue that is:

(1) received by the state for a state fiscal year from a tax, a fee, a refund, an award, a settlement, a distribution from the federal government, a transfer from the counter-cyclical revenue and economic stabilization fund under IC 4-10-18-4, or a transfer from the counter-cyclical revenue and economic stabilization fund under IC 4-10-18-8; and

1 state fund to a controlled state fund.

2 (2) A distribution from the federal government that is
3 expended without an appropriation of the general assembly.

4 Sec. 7. (a) The budget agency shall determine the Indiana
5 nonfarm personal income growth index (IPI growth index) in each
6 even-numbered year as provided in this section. The IPI growth
7 index applies to the two (2) year state budget period that begins in
8 each odd-numbered year. The IPI growth index is the cumulative
9 growth in Indiana nonfarm personal income since the base year
10 using the average annual change in gross Indiana nonfarm
11 personal income as reported by the United States Department of
12 Commerce, Bureau of Economic Analysis for each of the six (6)
13 calendar years ending December 31 of the year before the IPI
14 growth index is determined.

15 (b) The budget agency shall publish in the Indiana Register the
16 IPI growth index not later than November 1 of each
17 even-numbered year.

18 (c) The IPI growth index is multiplied by the base year spending
19 to determine the maximum expenditures allowed from controlled
20 funds for a budget period.

21 Sec. 8. (a) Except as provided in section 10 of this chapter, the:

22 (1) general assembly shall not appropriate; and

23 (2) budget director may not allot;

24 more for expenditures in a state fiscal year beginning after June
25 30, 2005, than the amount of base year spending adjusted by the
26 IPI growth index.

27 (b) For the state fiscal year beginning July 1, 2003, and ending
28 June 30, 2004, the state spending cap is equal to the result
29 determined under STEP THREE of the following formula:

30 STEP ONE: Determine the sum of the total of the
31 appropriations made from the state general fund and the
32 property tax replacement fund (including continuing
33 appropriations) for the state fiscal year beginning July 1,
34 2002, and ending June 30, 2003.

35 STEP TWO: Subtract from the STEP ONE result two
36 hundred forty-three million dollars (\$243,000,000), which is
37 the amount of certain reversions made by state agencies.

38 STEP THREE: Multiply the STEP TWO result by one and
39 thirty-five thousandths (1.035).

40 (c) For the state fiscal year beginning July 1, 2004, and ending
41 June 30, 2005, the state spending cap is equal to the product of the
42 result determined under subsection (b) multiplied by one and

C
o
p

thirty-five thousandths (1.035).

Sec. 9. (a) An increase in the spending cap, other than by an increase in the IPI growth index, may occur only if at least one (1) of the following occurs:

(1) A spending responsibility has shifted from another level of government to the state.

(2) A spending responsibility has shifted from a fund not limited by this chapter to a fund limited by this chapter.

(3) There has been:

(A) an expansion of:

(i) state services; and

(ii) state spending; and

(B) a tax increase that is dedicated to these state services and spending.

(b) An increase in the spending cap requires the approval of a two-thirds (2/3) majority of the house of representatives and a two-thirds (2/3) majority of the senate.

Sec. 10. The general assembly, in a regular session, may authorize an emergency appropriation by enacting a public law that contains all the statements described in section 11 of this chapter in a supplemental appropriations act. The act must be approved by a two-thirds (2/3) majority of the house of representatives and a two-thirds (2/3) majority of the senate.

Sec. 11. An act described in section 10 of this chapter must contain the following:

(1) A statement that all spending authorized in the act is beyond the limits of the state spending cap.

(2) A description of the additional amount of emergency expenditures and an explanation of the specific circumstances that created the need for a supplemental appropriation.

Sec. 12. Except as allowed in an emergency appropriation and allotment under section 10 of this chapter, all appropriations for expenditures for a state fiscal year, including continuing appropriations, are void if the total amount appropriated for expenditures exceeds the state spending cap for the state fiscal year that is allowed under section 8 of this chapter. If the appropriations for a state fiscal year are voided under this section, the general assembly in a regular or special session may reappropriate an amount that does not exceed the state spending cap allowed under section 8 of this chapter.

Sec. 13. (a) Reductions in the state spending cap are mandatory in each year when spending responsibility is:

C
o
p
y

- 1 (1) shifted from the state to another level of government; or
 2 (2) transferred from a fund limited by this chapter to a fund
 3 not limited by this chapter.

4 **The state spending cap must be decreased by the amount of the**
 5 **shift or transfer.**

6 (b) The amount of the state spending cap reduction shall be
 7 determined by the budget agency upon the recommendation of the
 8 budget committee by a simple majority vote.

9 (c) If the budget agency determines:

10 (1) a state spending cap reduction is required that is less than
 11 one-tenth percent (0.1%); or

12 (2) a need to waive the mandatory downward adjustment;
 13 **the state spending cap reduction must receive a unanimous**
 14 **recommendation from the budget committee.**

15 SECTION 2. IC 4-13-2-18 IS AMENDED TO READ AS
 16 FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 18. (a) For the
 17 purpose of the administration of the allotment system provided by this
 18 section, each fiscal year shall be divided into four (4) quarterly
 19 allotment periods, beginning respectively on the first day of July,
 20 October, January, and April. However, in any case where the quarterly
 21 allotment period is impracticable, the ~~state~~ budget director may
 22 prescribe a different period suited to the circumstances but not
 23 extending beyond the end of any fiscal year.

24 (b) Except as otherwise expressly provided in this section, the
 25 provisions of this chapter relating to the allotment system and to the
 26 encumbering of funds shall apply to appropriations and funds of all
 27 kinds, including standing or annual appropriations and dedicated funds,
 28 from which expenditures are to be made from time to time by or under
 29 the authority of any state agency. However, the provisions relating to
 30 the allotment system shall not apply to moneys made available for the
 31 purpose of conducting a post-audit of financial transactions of any state
 32 agency. Likewise, appropriations for construction or for the acquisition
 33 of real estate for public purposes may be exempted from the allotment
 34 system by the ~~state~~ budget director, but in such cases he shall prescribe
 35 such regulations as will insure the proper application and encumbering
 36 of funds.

37 (c) No appropriation to any state agency shall become available for
 38 expenditure until:

39 (1) such state agency shall have submitted to the ~~state~~ budget
 40 agency a request for allotment, such request for allotment to
 41 consist of an estimate of the amount required for each activity and
 42 each purpose for which money is to be expended during the

C
O
P

applicable allotment period; and

(2) such estimate contained in the request for allotment shall have been approved, increased, or decreased by the ~~state~~ budget director and funds allotted therefor as hereinafter provided.

The form of a request for allotment, including a request by hand, mail, facsimile transmission, or other electronic transmission, shall be prescribed by the ~~state~~ budget agency with the approval of the auditor of state and shall be submitted to them at least twenty-five (25) days prior to the beginning of the allotment period.

(d) Each request for allotment shall be reviewed by the state budget agency and respective amounts therein shall be allotted for expenditure if:

(1) the estimate therein is within the terms of the appropriation as to amount and purpose, having due regard for the probable future needs of the state agency for the remainder of the fiscal year or other term for which the appropriation was made; and

(2) the agency contemplates expenditure of the allotment during the period.

Otherwise, the state budget agency shall modify the estimate so as to conform with the terms of the appropriation and the prospective needs of the state agency and shall reduce the amount to be allotted accordingly. The state budget agency shall act promptly upon all requests for allotment and shall notify every state agency of its allotments at least five (5) days before the beginning of each allotment period. The total amount allotted to any agency for the fiscal year or other term for which the appropriation was made shall not exceed the amount appropriated for such year or term.

(e) The state budget director shall also have authority at any time to modify or amend any allotment previously made by him.

(f) In case the state budget director shall discover at any time that:

(1) the probable receipts from taxes or other sources for any fund will be less than were anticipated; and

(2) as a consequence the amount available for the remainder of the term of the appropriation or for any allotment period will be less than the amount estimated or allotted therefor;

he shall, with the approval of the governor, and after notice to the state agency or agencies concerned, reduce the amount or amounts allotted or to be allotted so as to prevent a deficit.

(g) The definitions in IC 4-10-20 apply throughout this subsection. Allotments for a state fiscal year that exceed the greater of the maximum allotment allowed under IC 4-10-20-8 or IC 4-4-20-9 are void. The budget agency shall allot money for an

C
o
p

1 appropriation, including an appropriation that is not made in a
 2 specific amount, to provide that the total allotment for
 3 expenditures from a controlled state fund in a state fiscal year does
 4 not exceed the greater of the maximum allotment allowed under
 5 IC 4-10-20-8 or IC 4-10-20-9. If the budget director discovers that
 6 the probable expenditures for the remainder of a state fiscal year
 7 will exceed the greater of the maximum allotment allowed under
 8 IC 4-10-20-8 or IC 4-10-20-9, the budget director shall, with the
 9 approval of the governor and after notice to the state agency or
 10 agencies concerned, reduce the amount or amounts allotted or to
 11 be allotted to prevent an allotment of more than the greater of the
 12 maximum allotment allowed under IC 4-10-20-8 or IC 4-10-20-9.

13 ~~(g)~~ (h) The ~~state~~ budget agency shall promptly transmit records of
 14 all allotments and modifications thereof to the auditor of state.

15 ~~(h)~~ (i) The auditor of state shall maintain as a part of the central
 16 accounting system for the state, as hereinbefore provided, records
 17 showing at all times, by funds, accounts, and other pertinent
 18 classifications, the amounts appropriated, the estimated revenues, the
 19 actual revenues or receipts, the amounts allotted and available for
 20 expenditure, the total expenditures, the unliquidated obligations, actual
 21 balances on hand, and the unencumbered balances of the allotments for
 22 each state agency.

23 ~~(i)~~ (j) No payment shall be made from any fund, allotment, or
 24 appropriation unless the auditor of state shall first certify that there is
 25 a sufficient unencumbered balance in such fund, allotment, or
 26 appropriation after taking into consideration all previous expenditures
 27 to meet the same. In the case of an obligation to be paid from federal
 28 funds, a notice of federal grant award shall be considered an
 29 appropriation against which obligations may be incurred, funds may be
 30 allotted, and encumbrances may be made.

31 ~~(j)~~ (k) Every expenditure or obligation authorized or incurred in
 32 violation of the provisions of this chapter shall be void. Every payment
 33 made in violation of the provisions of this chapter shall be illegal, and
 34 every official authorizing or making such payment, or taking part
 35 therein, and every person receiving such payment, or any part thereof,
 36 shall be jointly and severally liable to the state for the full amount so
 37 paid or received. If any appointive officer or employee of the state shall
 38 knowingly incur any obligation or shall authorize or make any
 39 expenditure in violation of the provisions of this chapter, or take any
 40 part therein, it shall be ground for his removal by the officer appointing
 41 him, and if the appointing officer be other than the governor and shall
 42 fail to remove such officer or employee, the governor may exercise

C
O

1 such power of removal after giving notice of the charges and
2 opportunity for hearing thereon to the accused officer or employee and
3 to the officer appointing him.

4 SECTION 3. IC 4-10-21 IS REPEALED [EFFECTIVE UPON
5 PASSAGE].

6 SECTION 4. [EFFECTIVE UPON PASSAGE] **IC 4-10-20, as**
7 **added by this act, applies only to state fiscal years beginning after**
8 **June 30, 2003.**
